ANOTHER BREAK IN RIVER DIKES

(Continued from First Page.)

Into the flood's maw, Governor Brewer gave credit yesterday's victory against the raging water.

The fight continued to-day and far into the night.

The chance of life loss that might result from a break at Millers Bend is slight because hundreds of persons have moved out of the threatened territory into the highlands.

There has been a slight general rise in the river all day in this district. In the twelve hours ending at 7 o'clock tonight, the rise at Vicksburg had been three-tenths of a foot.

Apparently the break near Golden Lake, Ark., north of Memphis, had exerted no effect on the flood of the lower river reaches to-night. This break will tend to hold back the crest in the Delta and the Yazoo districts, but eventually all this water must come down the valley.

Water from the Golden Lake break that is flowing into the St. Francis basin will find its way back into the Mississippi through the St. Francis river. The situation along the river stretches south of Vicksburg to-night is practically unchanged. The gap in the auxiliary levee at Gilles Bend is widening, but is not considered dangerous.

Armed men march up and down the levees along the danger zone prepared to thwart any attempt to cut the dikes.

Fixing Directing Engineers.

Washington, April 9.—Brigadier-General William H. Bixby, chief of engineers, is personally directing the efforts of his corps at work on the Mississippi levees.

President Taft is very anxious about the flood conditions, and General Bixby has prepared for him a map of the Mississippi Valley below Cairo, showing the location of all dikes and outlines of the country that would be overtopped by a break in any portion of the river bank.

The Postmaster-General has instructed postal superintendents to supply the people in the flood districts with mail as expeditiously as possible.

The Interstate Commerce Commission to-day announced that it would grant to railroads suffering from the effects of the Mississippi River flood permission to make emergency rates effective on one day's notice.

TRANSFER LIQUOR LICENSE

Barroom in Park Hotel Will Move to 214 East Broad Street.

Without opposition from the police the barroom located in the Park Hotel, Ninth and Broad streets, will be moved to 214 East Broad Street, now occupied by the Billiard and Pool Parlor. An order permitting the transfer of the liquor license was entered yesterday in the Hustings Court.

The action will be taken from the present quarters because of the fact that the new Lyric Theatre will stand on the hotel site and adjoining property.

Flood Scenes Along the Mississippi

The Venice-like residential section of Hickman, Ky., where, on account of the overflowing of the Mississippi, the demand for rowboats is in excess of that for horse-drawn vehicles.

Fields and houses at Hick Bend, a town opposite Cairo, submerged by the waters of the Mississippi. Copyright, American Press Ass'n.

WOULD NOT SUSPEND RULES FOR TEACHERS

So Aldermen Fail to Raise Salary of Those Who Got Nore When Elementary Staff Took All--Dock Matter Finally Settled.

Public school politics took up most of the time of the Board of Aldermen last night, all of the politics in relation to the schools up to this time having shown itself in the two branches of the City Council, rather than in the School Board, where it has been charged that it exists. Several members of the Board who were instrumental in securing concurrence in the Pollock-Umlauf amendments to the budget, securing for the white elementary school teachers all of the \$27,500 net amount in the budget for increasing the pay of the teachers, floorly admitted their mistake on the floor last night, fighting desperately, if unsuccessfully, for an appropriation of \$17,000 to increase the pay of all other teachers as an act of simple justice. Failing to secure a suspension of the rules to appropriate this money forthwith, before the coming Council primary, the resolution was referred to the Committee on Finance.

The resolution rejecting plans for new Bellevue public school with the auditorium feature included, and directing that new plans be secured to cost not more than \$100,000, was reconsidered and all plans sent back to the Finance Committee at the urgent request of the East End delegation. Some salaries were raised; final concurrence was reached in the purchase of the dock property; a few contracts were awarded, and the Board adjourned to meet no more until after the primary of April 30.

The Teachers' Pay.

A special meeting of the Ordinance

terms of the ordinances of March 25, 1902.

Providing for an additional sanitary inspector in the Health Department.

Some Salary Increases.

Ordinance fixing the salary of the Assistant City Attorney at \$3,000, and

requiring him to give his whole time to the city.

Increasing the pay of the chief clerk in the Engineer's Department to \$1,700.

Increasing the pay of the chief clerk in the Water Department to \$1,350.

Increasing the pay of the river foreman as follows: Captain city tug to \$1,500; mate to \$750; firemen to \$720; firemen dredge to \$720; dipper tenders to \$720; and deck hands to \$600.

Increasing the pay of the Gas Inspector to \$2,000 per annum.

Increasing the pay of the two Electrical Inspectors to \$1,500 per annum, each.

Increasing the pay of six inspectors in the Water Department to \$30 per month, each; foremen at pump-house to \$3.25 per day, each; pump men to \$1 per day, each; and pipe laying force \$2.75 per day, each.

Naming the Main Street Bank as a city depository.

Increasing the pay of the keeper of Oakwood Cemetery to \$1,200.

Making an allowance for salary of the deputy clerk of Hustings Court, Part 2, of \$600 per annum.

Providing for separate trial of juvenile offenders, the separate detention in some home to be selected of offenders under seventeen years of age, and for probation officer and matron, the ordinance carrying an appropriation of \$5,000.

Awarding contract to Harrison Brothers & Co., of Philadelphia, for alum for the settling basins, at \$11.84.

Awarding contract to Hunter H. Frickhorn, for water meters, at \$9.375.

Resolution instructing the Building Inspector to sell the Ford's Hotel building, for removal from the lot within ninety days.

Granting permission to the Allen & Ginter Branch of the Liggett & Myers Tobacco Company, to construct an electric sign at Seventh and Cary Streets.

Purchase of Dock.

Instructing the City Attorney to acquire the dock property in accordance with resolution of March 26, notwithstanding objections which have been raised as to title to certain water rights.

The Street Committee reported a resolution to acquire land to open Lombardy street, north of Broad Street, but on motion of Mr. Gunst the papers were recommitted to the Committee on Streets, to hear from certain protesting parties.

On recommendation of the Committee on Finance, an ordinance was adopted creating the position of additional fireman in the Fire Alarm Department, at \$900 per annum.

A somewhat amusing fight, in which many references were made to the coming Council primary, occurred over a resolution to cancel a paving bill of \$128.17 against St. Joseph's Orphan Asylum, at the southeast corner of Fourth and Marshall streets, the Finance Committee recommending that it be rejected. Mr. Mitchell moved to refer the matter to the Committee on Finance, but Mr. Billey protested that no charity or church should be charged for paving assessments, from which Subalterns Grady, of the Finance Committee, replied that every charity and church does pay such assessments, being exempt from property tax. Colonel Grady thought it of doubtful legality to make an exception in one case, though admitting his interest in such charity.

The resolution was rejected, in accordance with the recommendation of the Finance Committee, but a few moments later Mr. Billey offered a new resolution appropriating \$128.17 as a donation to St. Joseph's Orphan Asylum, to reimburse it for sidewalk paving; the rule requiring reference to the Committee on Finance was suspended, and the appropriation adopted, after a number of speeches had been made in support of the worthy character of the charity.

A report from Special Accountant George S. Crenshaw showed the results of his examination of the office of City Collector, the accounts having been found most satisfactory, and all ordinances fully complied with, the collections having proved the largest in the history of the city.

Club Will Hear Candidates.

President Charles E. Jones and Secretary M. E. Hennessy have issued a call for a meeting of the Henry Clay Club at the hall at 510 Spring Street on Friday night of this week. Candidates who would like to represent the club in the City Council will be invited to state their platforms on this occasion.

"Seek relief today"

You can't afford to trifle with catarrh or rheumatism; or with any complaint due to impure blood.

Such troubles are bad enough in themselves; and they lead to something worse.

Go to your druggist this very day and ask him for a trial bottle of "B.B.B."—our famous Botanic Blood Balm.

This powerful tonic is a thorough scientific blood-cleanser and purifier. It has relieved and cured many seemingly hopeless cases due to impure blood. And it is bound to help you. If not we will refund you the full price you pay.

Could there be any stronger guarantee? How can you afford to delay another day? If your druggist can't supply you write to us. We will have you supplied. Act now.

AYRES IS EASY FOR LYNCHBURG

Medical College of Virginia Defeated by Virginia League Team.

[Special to The Times-Dispatch.]

Lynchburg, Va., April 9.—The Shoemakers this afternoon found Ayres, an asset of the Richmond club, an easy proposition, and the Medical College of Virginia went down in defeat by the score of 12 to 6. A home run by Young, a Lynchburg boy, with the bases full gave the doctors four of their runs. The Shoemakers merely toyed with the victors. Ayres was found for a total of twenty-nine bases. His supporters had, but thirteen of the hits were clean and hard.
